To Whom It May Concern:

We would like to take a moment of your time to express our appreciation to Paulo's Painting and Carpentry, who recently replaced rotted wood and painted our vacation home in South Yarmouth.

Paulo is the best kept secret on Cape Cod! For over two years we repeatedly tried to find someone to repair/paint our home. Far too many telephone calls were not returned and the property was assessed, yet no estimate was ever received.

Paulo conducts his business in a highly professional manner. Phone calls were returned, estimates were e-mailed and he was in constant communication with us. As he assessed the property, I was on the telephone while he surveyed the house and discussed his observations over his cell phone. When we met, there was a smile on his face and a firm handshake.

His workmanship was flawless. We had numerous rotted areas (i.e. clapboards, moldings and windowsills). Quality materials were used and pictures of the progress were e-mailed to our Rhode Island residence. The painting was completed in a very timely manner as was the carpentry work.

When we think of Paulo, the adjectives honesty and integrity are foremost. We have found a jewel and will continue to use his services for many years to come. Paulo is a credit to Cape Cod businesses. Thank you for your time.

Sincerely yours,

John and Mary McCabe
